# Obstetrics and Gynaecology

YOUR JMO CAREER PATHWAY

As a JMO in Obstetrics and Gynecology, you'll be joining a tertiary level public hospital. We have dedicated teaching every week in general and high risk obstetrics, and our enthusiastic team will assist you with your application to the RANZCOG training program. With a massive redevelopment already underway, you'll be joining us as our new 14 storey clinical tower is completed which includes a brand new birthing unit with 18 delivery rooms.

Our hospitals are located between the beautiful Blue Mountains National Park and the adventure capital of NSW in Penrith, our backyards are filled with bushwalking trails, the beautiful Nepean River, award-winning cafes and restaurants, and a family friendly community with affordable housing, all within a 50 minute drive from the centre of Sydney.

## ABOUT YOU

- You've completed two post-graduate years with prior experience in Obstetrics and Gynecology.
- You want to work in a supervised complex clinical environment
- You're looking to use your excellent clinical skills, judgment and expertise.
- You have a professional attitude and flexibility in work role.
- You have a commitment to quality improvement, patient safety and risk management.
- You have general registration or are eligible for registration with AHPRA.
- You have MBBS or equivalent basic Medical degree qualification.

## ABOUT US

- Nepean Hospital is a major referral and teaching hospital of the University of Sydney and one of the largest and busiest maternity care facilities in Western Sydney.
- We provide care for up to 5,000 births per year, including high-risk antenatal care.
- Our Obstetrics and Gynecology unit has 48 beds: 24 antenatal and 24 post-natal beds and 9 birthing rooms. There are also a large number of gynecology operating lists.
- We service the state's highest population of high-risk groups.
- We're proud of our teaching program for junior medical officers in our department with qualified consultants with training opportunities to support certificates and diplomas with RANZCOG.
